TASK

hardwired or plug-in

Description

TASK distills the concept of task lighting into its fundamental parts - fulcrum, armature, and lamp. A sequence of concentric spheres are calibrated for physical and visual balance. The rotund, cannonball-like base allows the arm to glide up-and-down or side-to-side, while the shade can be pivoted for diffused or directional light. Featuring an integrated switch. Also available as a plug-in. Made in the USA. UL Listed. Damp Rated upon request.

Finish

Industrial Black

Dimensions

Overall Length - 32"
Backplate Diameter - 6.5"
Shade Diameter - 5.5"
Optional Cord - 10'

Weight

8 lbs

Lamp
